

Dear Parents of S/M Enrolled School Age Children,

A new school year is upon us. We are contacting you to let you know of an exciting program not tied to resident or income requirements that may be of interest to you. The program is titled "Student Activities" and it provides funding assistance for extracurricular activities as outlined in the attached policy.

For your convenience we are also enclosing an application which includes an active participation verification section. A new application/verification is required for each activity and will remain open for the school year for any pending needs under the benchmark. Services may be funded 30 days prior to the received application date and the application may remain open only until the activity season is complete

Please be advised if a receipt is dated more than 30 days prior to the date of the application, it will not be eligible to receive reimbursement. In addition, if an application is handed in at any time after the activity season has expired that customer is no longer eligible to receive services for that activity.

For reimbursements, include the original or photocopy of receipts along with the completed application. Remember the Tribe is tax exempt. If you want us to order the approved item for you, we are happy to do that. If you choose the reimbursement option, the taxes paid will be deducted from the reimbursement.

If you have any questions on what extra-curricular activities may be covered, please call me.

Most Sincerely,

Kim M. Taylor
Education Specialist
