MONDAY: JULY 9, 2018

FREE COMMUNITY INFORMATIONAL EVENT

What's this about?

The Discovery Dating Program is being implemented in the community to help youth discover how to make healthy life choices and learn about healthy relationships. Come to learn what youth are learning and you'll have fun learning yourself! Great Lakes Inter-Tribal Council PREP (Personal Responsibility Education Program) for Teen Pregnancy Prevention is sponsoring this program for Stockbridge-Munsee Community members and tribal program staff, Bowler and Gresham School District parents/caregivers and staff, and we encourage youth and young adults between the ages of 15 through 22 to attend.
