Were you exposed to hazardous materials while serving in the military, such as from [Agent Orange](#) or [burn pits](#)? Did you serve in Vietnam, Thailand or Southwest Asia? If so, you may be eligible to file for service-connected benefits based on presumptive exposure.

Over the course of the last six months, VA has begun processing service-connected disability claims for six new presumptive conditions related to exposure to hazardous materials.

In May 2021, VA started implementing provisions of the William M. Thornberry National Defense Authorization Act for Fiscal Year 2021 (NDAA), adding bladder cancer, hypothyroidism and Parkinsonism to the list of medical conditions presumptively associated with exposure to Agent Orange. A few months later, VA added asthma, rhinitis and sinusitis (to include rhinosinusitis) on a presumptive basis based on particulate matter exposures during military service in Southwest Asia and certain other areas.

Any Veteran who was previously denied service-connection for any of these six conditions but had symptoms manifest within 10 years of military service would need to file another claim. Be sure to use [VA Form 20-0995, "Decision Review Request: Supplemental Claim"](#) when filing. The claim form should include the name of the medical condition and also specify that the medical condition is being claimed due to in-service exposure to environmental hazards.

VA is committed to assisting Veterans who may have been exposed to hazardous materials during their military service.

Be sure to stay plugged in to [www.va.gov](http://www.va.gov) for the most recent developments around environmental hazards; VA is constantly conducting research and surveillance, as well as reviewing scientific literature for conditions that may be related to exposure during military service.

If you feel you have a chronic condition attributed to an in-service exposure, we highly encourage you to file a claim. For more information about VA benefits and eligibility, or how to file a claim, Veterans and survivors can visit VA's website at [www.va.gov](http://www.va.gov) or call toll-free at 1-800-827-1000.
