

National Training on the Child Tax Credit: Outreach to Parents

Using the Simplified Filing Tool

Virtual Training: Tuesday, June 21, 2022 | 3:00 - 4:00 PM ET

Think you missed out on the Child Tax Credit (CTC)?

You're in luck! Between now and November, families can still file taxes to claim their child's cash benefits. The CTC can make a difference for a low-income family by giving them the resources they need to repair a car, find better housing, or buy groceries.

Training Overview

Pat Gentile of SimplifyCT, and partner on Administration for Children and Families's (ACF) tax credit work, will guide us on how to sign parents up with the simplified filing tool, which makes the process easier and more accessible. Parent leaders will discuss targeted and successful outreach.

Who Should Attend

All states, regions, state agencies, health clinics, family initiatives and community-based organizations, youth and parent leaders.

REGISTRATION IS NOT REQUIRED!

AGENDA:

Welcome and introductions

Paul Jacobsen, Acting Regional Director, HHS Region 1

Overview

Elaine Zimmerman, Regional Administrator, ACF Region 1

- How to reduce child poverty through CTC
- Lessons learned in the first stage

Parent Story

How the Child Tax Credit helped the family and goals

Targeting Populations for Success

- Janine McMahon, CT Parent Leader – reaching parent navigators
- Flavia Debrito, Maine Equal Justice – targeting populations
- Jennifer Throwe, ACL Region 1 – reaching grandparents

How to Sign Parents Up

Pat Gentile, SimplifyCT

- Using the simplified filing tool, reaching a support team, using Slack channel and getting questions answered in the moment.

Media Supports

Tiffany Pryce, ACF Region 1

- Briefly review outreach and communications materials.
