Stockbridge-Munsee Community Copier Fleet Replacement Proposal Guidelines

Background:

The Stockbridge-Munsee Community is seeking proposals for replacing its existing copier fleet consisting of 55 Konica Minolta and HP copiers and printers that have reached the end of their usable life. This document outlines the specific project objectives, scope of work, required qualifications, and submission guidelines for vendors interested in submitting proposals.

Project Objectives:

The goal of this project is to replace the current copier fleet with new devices that meet the following objectives:

1. **Improve Efficiency and Reduce Costs**
 - Provide a cost-effective and efficient copier solution.
 2. **Enhance Functionality and User-Friendliness**
 - Ensure the new equipment meets the evolving needs of the community and offers advanced, user-friendly features.
 3. **Environmentally Friendly Practices**
 - Choose equipment and technologies that minimize environmental impact.
 4. **Secure Printing Capabilities**
 - Integrate secure print features to ensure sensitive documents are not left unattended on the printers.
-

Scope of Work:

The vendor will be required to:

- **Quantity of Equipment:** Supply **55** new copier/scanner combination units.
- **Specifications:** Refer to **Appendix A** for the current fleet details and required functionality.
- **Installation:** Work with the IT staff to install new Multi-Function Printers (MFP) and implement secure print capabilities.
- **Service Requirements:** Provide a comprehensive service and support package, including maintenance, warranty terms, and troubleshooting.
- **Training:** Provide end-user training on the new copier functionality, with a focus on secure printing capabilities.

Required Walkthrough:

All interested vendors are required to conduct a **walkthrough** of the Stockbridge-Munsee Community facilities to assess current copier usage and determine the best solution for the community's needs. This walkthrough will help vendors tailor their proposals more accurately.

- **Walkthrough Dates:** December 9th and 10th, 2024 (Time to be scheduled)
-

Proposal Submission Requirements:

To submit a proposal, vendors must include the following:

1. **Company Background and Experience**
 - Provide an overview of your company, including years in business, experience in similar projects, and any certifications or qualifications.
 2. **Detailed Product Information and Specifications**
 - Provide specific details on the copier/scanner models you propose, including technical specifications and key features.
 3. **Pricing Structure**
 - Provide a complete pricing breakdown, including the cost of the equipment, installation, and any ongoing costs for maintenance, service, and supplies.
 4. **Maintenance and Support Options**
 - Outline the service level agreements (SLAs), maintenance schedules, and any support options available, including response times and remote troubleshooting capabilities.
 5. **References**
 - Provide at least two references from previous clients with similar needs to demonstrate your company's capability to meet the project's objectives.
-

Evaluation Criteria:

Proposals will be evaluated based on the following criteria:

1. **Compliance with Specifications**
 - How well the proposal meets the required technical and functional specifications.
2. **Pricing**
